

## Yakima Valley Football Officials' Association

The YVFOA is looking for fresh recruits to continue to provide a great service to the local football scene in the Yakima Valley. We cover games from Sunnyside to Kittitas to Cle Elum and everywhere in between. Many people love the game of football and what better way to give back to the game than to officiate. Here is what you can expect by becoming an official:

- The **BEST SEATS IN THE HOUSE**. there is not better place to be than on the field. Officials are right there in the trenches.
- **Stay connected to the game**. If you played in the past, this would give you a chance to stay in the game.
- **NO EXPERIENCE NECESSARY!!!** Training. You don't have to be an "expert" of the game. We will teach you the rules and the mechanics of being a quality official.
- Compensation for your time. Between Grid Kid games, junior high and high school sub-varsity games you can earn as much or as little as you want.

Meetings begin July 29 and run weekly until the season begins in September. The meetings will provide the training you need to do the job. Meetings take place in the Davis HS Kiva and go from 6:15-8:30pm for new officials because the first hour is devoted to training.
